

*“Recently a local community resident told me of her family trip to Wilder Creek Conservation Club. Most weekends they’d visit the property to picnic and hike the trails. She said those were some of her best childhood memories and influenced her interest in conservation.”*

Wilder Creek Conservation Club*

Wilder Creek is a special green space for our community and has been for the last 73 years. Wilder Creek Conservation Club members are enthusiastically reviving the property and hoping you’ll become a member too. Annual memberships are only \$35.00. Please visit the website at [www.wildercreekconservationclub.org](http://www.wildercreekconservationclub.org).

Let’s continue to make memories at Wilder Creek.

The Marshall Community Foundation is proud to welcome the Wilder Creek Conservation Club to its “Family of Funds” this year. This is just one of over 140 funds that the Foundation administers.
